### **1) The London Tenants' Manifesto, Martin Dumont**

Following our last joint conference with London Tenants Federation and NFTMO, recording 100 years since the first Town and Country Planning Act, we came up with a manifesto of our own, setting out what we as tenants and communities want to see in London. Launched on 19<sup>th</sup> March 2021 this was a timely response to the Housing White Paper.

### **2) Updates**

#### **a) New Housing Projects**

A quick round-up of new projects and new plots released.

#### **b) Housing Association Management Co-ops**

A progress report on those co-ops renegotiating management agreements with the housing associations holding their leases.

#### **c) Shortlife Co-op Housing and Empty Homes**

How we are getting on with new model agreements for meantime properties and news from the courts about action against Guardians.

#### **d) London Housing Panel**

A brief resume of what has been discussed as it looks like support from the GLA will end for the group.

### **3) Introductions - New Housing Co-ops**

#### **SUBSCRIPTIONS**

Apologies that this follows on so close from the last subs request that was sent late in 2020. This is for 2021. Anyone struggling to pay, just let us know. For those who are not members - We hope you have found the support offered by the London Federation so useful that you will consider joining others in supporting its activities this year - and agree to pay the subscription. Thank you.
